Subject: Advisory on Middle East Security Situation

Dear valued customers,

In light of the armed conflict that erupted in the Middle East region on February 28, we would like to inform our valued customers of the following:

The safety of our vessels and crew is our highest priority and a fundamental obligation under applicable maritime laws and regulations. Accordingly, in the event of security threats, military activities, government restrictions, or navigational hazards, the Company may take such measures as it deems necessary and appropriate to ensure safety. These measures may include, but are not limited to, suspension of operations, omission of ports, route adjustments, deviation from the scheduled voyage, diversion to a safe alternative port, or discharge of cargo at a location considered safe and suitable.

As a result, services to and from the affected ports may experience delays, schedule changes, or operational adjustments.

We are closely monitoring the situation and are working in coordination with relevant authorities and security advisors to ensure compliance with applicable legal obligations. We will provide timely updates should any significant developments arise.

We appreciate your understanding and continued cooperation.

Respectfully,

Korea Marine Transport Co., Ltd.
